

!NQUIZITIVE
Evaluate your Science Quotient
19th December 2020

14th December 2020

Dear Principal ,

Vikram Sarabhai Science Foundation cordially invites you to collaborate with us in the mission to ignite young minds and further to create awareness in science as part of the week long VSSF Science Awareness Week from 14th to 20th December 2020 .

VSSF's Science Awareness Week is launched to create awareness on topics of relevance that enhances science literacy within student community . As part of the campaign we are hosting webinars on SPACE SCIENCE, QUIZ and an IDEATE CHALLENGE, this is to lay a platform for the SCIENCE enthusiasts to understand and further interact with scientists and experts in this field . This weeks webinars Session 1 - India Space Initiatives by Dr VP Balagangadharan , Formerly Scientist , VSSC , ISRO , Trivandrum , Session II – Technology Developments in Aerospace by Dr Tessy Thomas , Distinguished Scientist , Director General DRDO, Session III - Exoplanets by Dr Sreejith , Austrian Academy of science.

!NQUIZITIVE is the Free Quiz Competition organized as part of the VSSF Science Awareness Week . It gives an opportunity for learners to understand their aptitude , identify and groom their scientific knowledge and work towards their areas of interest. Winners will be awarded exciting science prizes and opportunity to be part of the various interactions with eminent scientists. Our mission is to ignite the Young Minds to think futuristic in science.
