 - b. SECTION B (WRITING SKILLS)
 - c. SECTION C (GRAMMAR)
 - d. SECTION D (LITERATURE)
 2. Attempt questions based on specific instructions from each section
- =====

SECTION-A(READING)

- 1 Read the given passage carefully.

1. Happiness is like the sun; it is often hidden by the clouds of thoughts, worries and desires. We have to scatter and dissolve them to experience happiness. You don't have to create happiness. All you have to is calm your mind, because when there is a quiet mind and inner peace, there is happiness. Happiness is not something far away and unattainable. Happiness does not depend on circumstances, objects or events. It is an inseparable part of our consciousness, of our essence, but hidden and covered from sight by our thoughts, desires and worries. The mind is always in a constant race from one thought to another, from one worry to another. It constantly moves from one object or task to another, never standing still. This restlessness hides the happiness that is

within you. It is like a choppy sea that hides the bottom. When the sea gets calm, you can see the bottom. In the same way, when the mind gets quiet, you sense the happiness that is within you.

2. You cannot see a treasure at the bottom of a stormy and muddy lake although it is there. However, when the wind stops, the water becomes still and mud sinks, you can see the treasure. The treasure is there, whether you see it or not. So is happiness. It is always here, only hidden by thoughts, desires and worries.
3. You can experience more and more happiness in your life. Only your thoughts stand in your way of experiencing it. Next time you feel happy, stop for a moment and watch the state of your mind. You will be surprised to discover that it is calm, and there are almost no thoughts in your mind. Since the mind is not accustomed to stay in this peaceful state for long, it soon becomes active again, and the sense of happiness disappears.

On the basis of your reading of the above passage answer the following questions:

- (a) We yield happiness when there is ---- 1
- i. quiet mind
 - ii. inner peace
 - iii. both (i) and (ii)
 - iv. none of the above
- (b) You cannot see treasure at the lowest point of a ----- lake. 1
- i. stormy.
 - ii. still
 - iii. muddy
 - iv. both (i) and (iii)
- (c) The ----- within the mind is like the choppy sea. 1

- (d) State TRUE / FALSE 1
Happiness is unattainable.
- (e) The word..... in para 1 is the synonym of ‘disperse’. 1
- (f) How can we enjoy moments of happiness in our life? 1
- (g) How does the restlessness of our mind come in the way of our happiness? 2
- (h) How can we detect the treasure at the bottom of a stormy and muddy lake? 2
- (i) When do we experience happiness and how does it disappear? 2

2 Read the following passage carefully.

1. One would imagine that at the very sight of the panther, deer, antelopes and its other preys would just run for their lives. Nothing of the sort. They all stand their ground and make such a loud noise that the panther is left with no other choice except to leave quietly. I have seen a tiny chital baby standing in the middle of an opening in the forest, stamping its feet on the ground and shooting away a tiger. With the white of its erect tail showing, it kept up its shrill call until the tiger made itself scarce. No tiger in its senses would attempt to catch such an impertinent brat, just as you would not dream of catching an offending crow cawing away in your verandah.
2. While the panther sticks to cover and hugs the edge of the forest, the game animals, on the other hand, like to assemble right out in open vast grazing grounds. Open spaces, which the panther carefully avoids, are what the game animals deliberately seek.
3. It is difficult to describe the pandemonium kicked up by various animals when they spot or suspect a panther around. The chital strikes a shrill note, the kakar emits a deafening bark and the sambar rings a bell. The peacock on its perch, the jungle fowl on

the ground, and the monkey on treetops, all join in the chorus of condemnation of the panther. They curse the panther in their own inimitable language. The resulting confusion of sounds is so irritating to the sharp ears of the panther that it is left with no other option except to go away.

4. The panther has thus to deal with its ever alert and watchful associates who show no mercy and expect none. It is a fight between finesse and flight, between clever and skillful defence.

5. Contrary to the common belief, the panther never springs upon its prey. It stalks as close to its victim as it can manage, and then makes the final dash by rushing at it at lightning speed.

On the basis of your reading of the above passage answer the following questions:

- a The author saw a tiny ---- baby shooting a tiger away. 1
- i. kakar
 - ii. chital
 - iii. cheetah
 - iv. sambar
- b The game animals deliberately seek ---- to avoid the panther. 1
- i. bushes
 - ii. thickets
 - iii. open spaces
 - iv. the woods
- c ----- join in chorus to compel the panther to leave the jungle. 1
- d It is not easy for the panther to ---- upon its prey as commonly believed. 1
- e What strategy do animals like deer, antelopes etc adopt to drive away the panther? 1

- f How do the panther and the game animals (deer, antelopes, etc) react to open spaces? 1
- g What effect does the loud noise made by birds and animals have on the panther? 2
- h How does the panther kill its prey? 2

SECTION A: READING SKILLS (22 marks)

Read the passage given below.

1x12=12

1) It was evening in the picturesque seaside town of Rameshwaram, on the southern edge of Tamil Nadu. A cool breeze was gently blowing in from the sea. Along with the sound of waves lapping against the shore could be heard the sweet sound of birds circling overhead.

(2) Among the children playing on the beach was a boy with wavy hair and dreamy eyes. This youngster was Avul Pakir Jainulabdeen Abdul Kalam who later became the eleventh President of India.

(3) While spending time with his friends, Abdul was attracted by the sound of the birds flying above. He carefully observed that a fledgling perched on a boat was trying to take off. It spread its

wings, fluttered briefly and sprang up. The air seemed to give the needed thrust for its take off! The bird soared up into the sky. It steered its pace and course with great ease. How Abdul wished he could fly like those beauties in the air!

(4) This passion for flying, aroused by the beautiful birds, later inspired Abdul Kalam to design India's first rocket which successfully sent a satellite Rohini, into orbit on 18th July 1980. It was called the SLV-3 (Satellite Launch Vehicle). At the time when Abdul was growing up, no one had even dreamt of such a happening.

(5) Rameshwaram, where Abdul was born on 15th October 1931, was a small town with narrow streets lined with old houses made of limestone and brick. The town was famous for its Shiva Temple. Abdul stayed in the house with his father, mother, brothers and sister and led a secure and happy childhood.

(6) Abdul's father, Jainulabdeen was a pious man. He led an austere life without depriving his family of the basic comforts.

(7) In this closely knit family, dinner was always a special meal. During dinner they exchanged views on a variety of topics ranging from family matters to spiritual subjects.

(8) The main income for Abdul's family came from ferrying pilgrims across the sea between Rameshwaram and Dhanushkodi. Pilgrims visiting Rameshwaram made it a point to visit Dhanushkodi, twenty kilometres away in the sea. Dhanushkodi has religious significance.

(9) Ferrying pilgrims fetched good money and the family lived comfortably. However, a devastating cyclone lashed the shores of Rameshwaram and their boat was destroyed. The family lost their only source of livelihood in one swift, tragic stroke.

(10) The enterprising young Abdul wanted to help the family through the crisis. He realized that there was demand for tamarind seeds. He decided he would collect them and sell them to a shop near his house. His family wanted him to concentrate on his studies. He said he would study as well as help his family. Reluctantly, everyone agreed. Even while studying or enjoying the evenings with his friends on the beach, he set aside some time to collect tamarind seeds and sell them to a nearby shop. For this he was paid a princely sum of one anna!

(11) Besides selling tamarind seeds, he helped his cousin Samsuddin to sell the popular Tamil newspaper Dinamani to earn a little more money. At dawn, several bundles of the newspaper, printed in Madras (now Chennai), were thrown onto the platform of Rameshwaram railway station from passing trains. Trains did not stop at Rameshwaram station during those days of the Second World War as almost all of them were commandeered to transport troops.

(12) Abdul, after picking up the bundles marked for his area, rushed and handed them over to Samsuddin, who gave Abdul a small amount for the service he had rendered. There was a great demand for Dinamani because people wanted to know about India's freedom struggle and the latest developments in the war.

13) This is how Abdul earned his first wages. However, it was the joy of being able to care for his family that Abdul cherished most. Even decades later, he recalls earning his own money for the first time, with immense pleasure and a sense of pride.

Based on your understanding of the passage, answer the questions given below.

Read the passage given below.

1x10=10

Cardamom, the Queen of all spices, has a history as old as the human race. It is the dried fruit of a herbaceous perennial plant. Warm humid climate, loamy soil rich in organic matter, distributed rainfall and special cultivation and processing methods all combine to make Indian cardamom truly unique in aroma, flavour, size and it has a parrot green colour.

Two types of cardamom are produced in India. The first type is the large one, which has not much significance as it is not traded in the future market. It is cultivated in the North-eastern area of the country. The second type is produced in the Southern states and these are traded in the future market. These are mainly cultivated in Kerala, Tamil Nadu and Karnataka. As per the future

market rules, only 7 mm quality was previously traded in exchanges. But later, it relaxed its norms, and now 6 mm quality is also traded in the exchanges.

The small variety, known for its exotic quality throughout the world, is now traded in India's commodity future exchanges. Traditional auction markets also exist for trading in small cardamom in the country.

Cardamom is an expensive spice, second only to saffron. It is often adulterated and there are many inferior substitutes from cardamom-related plants such as Siam cardamom, Nepal cardamom, Winged Java cardamom, etc. However, it is only *Elettaria cardamom* which is the true cardamom. Indian cardamom is known in two main varieties : Malabar cardamom and Mysore cardamom. The Mysore variety contains levels of cineol and limonene and hence is more aromatic.

India was the world's largest producer and exporter of cardamom till the 1980s. By 1990s Guatemala emerged as the leading producer and exporter of cardamom.

The main harvest season of cardamom in India is between August-February. Cardamom reaches its yielding stage two years after planting. The primary physical markets of cardamom are Kumily, Vandenmedu, Thekkady, Puliarmala in Kerala and Bodynaikkannur and Cumbam in Tamil Nadu. Cardamom auctions also take place in Sakalespur and Sirsi in Karnataka. North India is the main market for cardamom produced in the country. Normally, domestic demand goes up during the major festivals such as Diwali, Dussehra and Eid. Colour, size and aroma are the major variables that shape cardamom prices in the Indian market. Cardamom price formation in India is also influenced by the output in Guatemala as that country controls the global markets.

Kerala is the main producer of cardamom and contributes up to 60% in total production. Karnataka produces around 25% cardamom of the total production. Ooty is the main producer of cardamom in Tamil Nadu and contributes around 10-15% of the total production.

Besides India, Guatemala also produces around 2,200 ton

cardamom. On the other hand, India produces nearly 1,000-2,000 ton cardamom per year. Due to low quality of cardamom from Guatemala, it remains available at cheaper rates. Moreover, cardamom of Indian origin fetches \$ 3-4 per kilogram higher rates than the ones from Guatemala.

Based on your understanding of the passage, answer the following questions.

Find words from the options given below which mean the same as:

(a) permanent:

(i) unique (ii) perennial (iii) exotic (iv) old

(b) make poor in quality by adding another substance :

प्रश्न 1- निम्नलिखित गद्यांश को पढ़कर पूछे गए प्रश्नों के उत्तर लिखिए । 7

आज गाँधी जी के आदर्श पर साहित्य की भरमार है , लेकिन किसी को उनके आदर्श की गूँज सुननी हो , तो वह ' सेवाग्राम आश्रम ' में स्थित गाँधी जी की कुटिया में सुन सकता है। देश में स्थित कई आश्रम भी उनकी याद दिलाते हैं , लेकिन ' सेवाग्राम ' सबसे अलग है। यह कुटिया आज भी उसी रूप में मौजूद है , जैसे वह गाँधी जी के समय थी। विश्व विख्यात चिंतक इवान इलिच जब इस आश्रम में कुछ दशक पहले आए , तो वे गाँधी जी की कुटिया से प्रभावित हुए बिना नहीं रह सके। उनका कहना था कि " मैं इस कुटिया के जरिए गाँधी जी की दृष्टि को समझने का जितना प्रयास करता गया , उतना ही मुझे उनकी सादगी , सफ़ाई और सौंदर्यवृत्ति का दर्शन स्पष्ट होता गया। गाँधी जी की कुटिया का संदेश है - सबके साथ प्यार और बराबरी का संबंध कायम करना। " जिन लोगों को गाँधी जी की इस कुटिया का महत्व समझ में नहीं आता और जो रहने के लिए बड़ी - बड़ी जगहों की तथा आलीशान भवनों की चाह रखते हैं , वे अपने सचेतन भाव को अचेतन मकानात के हवाले सौंप देते हैं तथा अपने शरीर का लचीलापन और ज़िंदगी की ज़िंदादिली दोनों खो बैठते हैं।

सच्चे मित्र की तलाश हर व्यक्ति को रहती है । जब कोई व्यक्ति जीवन में कठिनाइयों से दो –चार होता है ,तो उसे किसी ऐसे साथी की आवश्यकता महसूस होती है , जो उसके दुख और परेशानियों की गाथा सुने और उनके निराकरण में उसकी सहायता करे । परंतु सच्चा मित्र पाना अत्यंत कठिन है । हर जान-पहचान वाला व्यक्ति हमारा मित्र नहीं हो सकता और न ही मित्रता का दावा करने वाला व्यक्ति सच्चा मित्र होता है । मित्रता सदैव सोच –समझकर करनी चाहिए । मीठी बातें , चाटुकारिता ,हँसमुख चेहरा आदि मित्र बनाने के लिए आवश्यक शर्तें नहीं हैं , वरना सच्ची बात कहने वाला , खरी बात कहनेवाला विपरीत परिस्थितियों में साहस बढ़ाने वाला ही सच्चा मित्र हो सकता है । आचार्य शुक्ल ने सच्चे मित्र को कड़वी दवा की भाँति बताया है , जो कुसंग के ज्वर को दूर कर देती है । हमारे जीवन का मार्ग कुमार्ग न बन जाए , सफलता

A) ক্লাসে সুচ পড়লে শোনা যায়। দাক্ষিণাত্যের হিন্দু রাজাদের খণ্ডরাজ্যের খুঁটিনাটি কারুর ভালো লাগছে না। কিন্তু তারা ভয়ে চুপ করে বসে আছে। না, সবাই বসে নেই। যারা পড়া পারেনি, তারা দাঁড়িয়ে আছে। যারা একটিও মাত্র দরকারি কথা পাশের মেয়ের সঙ্গে বলতে বাধ্য হয়েছে, কথা বলার শাস্তি পেয়ে তারা দাঁড়িয়ে আছে। সংখ্যা নেহাৎ কম নয়। তৃতীয় শ্রেণির মেয়েরা দাঁড়িয়ে আছে, এ তো সামান্য কথা। ইচ্ছা হলে মিস দত্ত, প্রথম শ্রেণির মেয়েদের পর্যন্ত বেঞ্চির ওপর দাঁড় করিয়ে দেন। এঁর ঘন্টায় মঞ্জুরও মুখ শুকিয়ে যায়। পড়া বলতে কখনো হয় না তার, কিন্তু কী জানি কখন মিস দত্তের রাগ দপ করে কী কারণে জ্বলে উঠবে কে জানে ? পড়া বোঝানো শেষ হতে হতে ঘন্টা পড়ল। এখন টিফিন। রুমালে চকের হাত মুছে রোষদৃষ্টিতে একবার দাঁড়ানো মেয়েদের দিকে চেয়ে মিস দত্ত চলে গেলেন। হাঁফ ছেড়ে মেয়েরাও বাইরে এল, টিফিনের বাক্স হাতে। কিন্তু অন্যদিনের খোলামেলা ভাব কারুর নেই। কারণ আরও দুটো ৪৫ মিনিটের ক্লাস মিস দত্তের আছে। তিন ঘন্টা তাঁর ক্লাস একই দিনে।

শোলা নামের এই জলজ উদ্ভিদটি গ্রাম-বাংলার জলা-জঙ্গলে, খাল-বিল ও অগভীর পুকুরের ধারে ধারে আপনা থেকেই জন্মায়। কাঁচা অবস্থায় প্রায় সবুজ রঙের এই উদ্ভিদটি যখন পুরুষ্টু আকার ধারণ করে, তখন দেখতে

হয় সরু বা মোটা ধরনের লাঠির মতো। মাটির গুণে শোলা মোটা বা সরু যাই হোক না কেন, সবই কিন্তু শিল্পসৃষ্টির কাজে লেগে যায়। জল থেকে কেটে তুলে এনে বাঙিল করে শোলা-শিল্পীদের কাছে বা কলকাতার বিভিন্ন আড়তদারদের কাছে চালান যায়। এক সময়ে শোলা উৎপাদনের এক বড়ো ধরনের স্থান ছিল নদিয়া জেলার বাতের বিল। শোলা শুকিয়ে নিয়ে খুব ধারালো ছুরি দিয়ে ছাল অংশটি ছাড়িয়ে নেবার পর যে সাদা অংশটি পাওয়া যা, তাই দিয়ে শিল্পীরা নানাবিধ দ্রব্য নির্মাণের কাজ শুরু করেন।

...শোলা শিল্পটির ধারক-বাহক হলেন এদেশের মালাকার সম্প্রদায়। সম্ভবত একসময়ে মালাকার সম্প্রদায় ফুলের মালা বা পুষ্পসজ্জার কাজে দক্ষ ছিলেন। সে জন্য বাংলার রূপকথার গল্পে মালাকারদের দেখা মেলে, যাঁরা রাজবাড়িতে ফুল ও ফুলের মালা ইত্যাদি জোগান দেবার কাজে নিযুক্ত ছিলেন।

C) নলহাটির রেলওয়ে কলোনি। তারই মধ্যে একটি সাধারণ রেলওয়ে কোয়ার্টারে আমরা থাকি।

আমার দিদিমার ভাই কালিপদ সেন নলহাটির হেড সিগন্যালার। মির্জাপুর থেকে তিনি আমাদের নলহাটিতে নিয়ে এসেছেন। বড়োদের কথাবার্তায় শুনতে পাই যে কলকাতায় আমাদের জন্যে একটা বাড়ি কেনবার চেষ্টা হচ্ছে। বাড়িটি যতদিন না কেনা হয়, ততদিন আমরা নলহাটিতেই থাকব। কলকাতা সম্বন্ধে একটা মৃদু কৌতুহল থাকলেও নলহাটির ওপর বেশ একটু টানই তখন মনের মধ্যে অনুভব করেছি। মির্জাপুরের মতোই রেল কলোনি। কিন্তু জায়গাটার অন্য আকর্ষণ আছে। মির্জাপুরের কলোনির চারিদিক সমতল কিন্তু নলহাটি রাঙামাটি আর মাকড়া পাথরের দেশ। বড়ো পাহাড় না থাক দিগন্তে চাইলে এখানে যে একটু রুক্ষ মাটির ঢেউ দেখা যায় তাতেই মনটা কেমন অকারণে খুশি হয়ে যায়।

মির্জাপুরের কাঁটাতারে ঘেরা কলোনির তুলনায় নলহাটির কলোনির ভেতরটা অনেক আগোছালো এলোমেলো। সেটাও আমার কাছে একটা আকর্ষণ। বিস্তৃত এলাকার মাঝখানে একজায়গায় দুটি বিরাট প্রায় গায়ে-গায়ে বেড়ে ওঠা পাকুড় গাছ, তার পাশে অযত্নে অবহেলায় প্রায় শুকিয়ে-

আসা একটা দিঘি, এখানে সেখানে কাঁটাগাছের ঝোপ বাগানবাড়ির পর
আমায় যেন আরেক নতুন জগতের সন্ধান দিয়েছে।

$$(1 \times 4) \times 3 = 12$$

A. রানা মকুলের দুই খুড়ো ছিলেন – চাচা আর মৈর। খুড়ো দুজনের কাজের মধ্যে ছিল দিবারাত্রি আফিং খেয়ে ঝিমানো। হঠাৎ সর্দার বনে গিয়ে লড়াইয়ে যেতে হলে তারা না জানি কী বিপদেই না পড়বেন- কোথায় থাকবে আফিং, কোথায় বা তামাক, দুধের পুরু সর, রাবড়ি, মালাই সেখানে তো পাওয়া যাবে না। উলটে বরং মাঠের হিম খেয়ে মরতে হবে।

মাদেবিয়ার ভিলদের হাস্যামা মেটাতে গিয়ে মকুল এই তামাশা দুই খুড়োকে নিয়ে শুরু করলেন। অনেক দিন বেশ আত্মদে কাটল। তামাশার সঙ্গে সাতশো সেপাইয়ের সর্দারের মাসোয়ারা যতক্ষণ আছে, ততক্ষণ ভাইপোটিকে আমোদ দিতে দুই খুড়োর আপত্তি হল না।

কিন্তু হঠাৎ তামাশা একটু কড়া রকম হতে লাগল। এমনকি আফিং হলেও তামাশার খোঁচার দিকে চোখ বন্ধ করে ঝিমানো দুই খুড়োর মধ্যে অসম্ভব হয়ে উঠল। কিন্তু ভাইপোর অনুগ্রহ ছাড়া বেচারাদের পেট চালাবার অন্য কোনো উপায় নেই। কাজেই মনের রাগ তাদের মনেই জমা হতে লাগল। আর কোনো কোনো দিন মুখ ফসকে বেরিয়েও আসতে শুরু করল। এতে মকুলজির আমোদ আরও বেড়ে চলল বই কমল না। লোককে নিয়ে তামাশা করার নেশা লখাবাসার মতো মকুলেরও কম ছিল না। একদিন দুই চাচা তাকে স্পষ্ট মুখের ওপর জানিয়ে দিলেন যে, বাপের তামাশার ফলে তিনি যে সিংহাসন পেয়েছেন, নিজের তামাশার চোটে সেটা কোনোদিন না তাকে হারাতে হয়।

B. জামুরিয়া থানার পরিহারপুর গ্রাম কীভাবে উঠে যাচ্ছে, তা আমি স্বচক্ষে দেখে এসেছি। উঠে যাবার নোটিশ এসেছে পরিহারপুরের বাসিন্দাদের ওপর। তারা উঠি-উঠি করেও উঠতে পারছে না। অনেকদিনের স্মৃতি জড়ানো গাছ, ডোবা, জায়গা জমির মায়া কাটাতে কষ্ট হয়। দু-দিন পরে যজ্ঞেশ্বর তুরীর মতনই তাদের অবস্থা হবে। খনির মালিকের কাছ থেকে তারা নামমাত্র ক্ষতিপূরণের টাকা পাবে। তারপর পেটের জ্বালায় খনিতেই কাজ নিতে হবে।

খনির নিজস্ব হাসপাতাল আছে। এই হাসপাতালকে মজুররা যমের মতো ভয় করে। যার মৃত্যুভয় নেই, সেই শুধু এই হাসপাতালে আসে। আর কেউ হাসপাতালের ছায়া মাড়ায় না। হাত-পা কেটেকুটে গেলে মজুররা অনেক সময় হাসপাতালে আসে। দুর্ঘটনায় কারো অঙ্গহানি হলে মালিক তাদের ক্ষতিপূরণ দিতে আইনত বাধ্য। কিন্তু সে আইন বড়োলোকের জন্যে – গরীব লোকের জন্যে নয়।

ট্যান্ডেন কুলির কাজ করত কেষ্ট তেলি। বাতিঘরে লোহার ফটক পড়ে বছরখানেক আগে বেচারার ঘাড়টা চিরকালের মতো বেঁকে গেল। একটা চোখও কানা হল। কিন্তু মামলা করেও আজ পর্যন্ত সে কোম্পানির কাছ থেকে তার পাওনা এক পয়সাও আদায় করতে পারেনি।

মাথার ওপর সময় সময় কয়লার চাপ ধসে, হঠাৎ হঠাৎ গ্যাস হয়ে হামেশাই খাদের নীচে মানুষ মারা যায়। খাদের নীচে যারা কাজ করে, তাদের প্রাণ হাতে করে কাজ করতে হয়। এছাড়াও যা সব খুনজখম হয়, তা শুনলে গায়ে কাঁটা দেবে। কয়লাখনির ঠিকেদার, ম্যানেজার সবাই প্রায় সাহেবসুবোরাই হয়ে থাকে। তাদের দয়ামায়া বলে কিছু নেই। জানোয়ারের চেয়েও বেশি হিংস্র এরা।

Sustainability of Development 2+

However, since the second half of the twentieth century, a number of scientists have been warning that the present type, and levels, of development are not sustainable.
 Consequences of environmental degradation do not respect national or state boundaries; this issue is no longer region or nation specific. Our future is linked together. Sustainability of development is comparatively a new area of knowledge in which scientists, economists, philosophers and other social scientists are working together. In general, the question of development or progress is perennial. At all times as a member of society and as individuals we need to ask where we want to go, what we wish to become and what our goals are. So the debate on development continues.
