Bob's friends call him a bookworm and tease him about his habit . He is often laughed at because instead of playing video games he spends his free time reading books. While his friends tease him , his parents and teachers are proud of him. They think that reading improves a person's vocabulary and expression .

One day Bob was reading a book on Dinosaurs which really interested him. He read about the T-Rex , Raptors and many more. The next week , in a 'Just a Minute' competition Bob had to pickup a chit and speak about that topic for a minute. To his surprise , his topic was 'T-Rex'. This made Bob very excited because he knew a lot about Dinosaurs. Bob spoke
