AN OVERVIEW OF B.R.S

Way back in 1977, equipped with just five rooms, few dedicated teachers and some tiny tots, a small school came into being. Nurtured, nursed and nourished with tender and loving care, slowly and steadily it grew in strength. Years flew by and today more than four decades later, B.R.S stands tall and strong, youthful and dynamic, having nearly two thousand eight hundred students and one hundred and thirty staff members.

The school boasts of a robust infrastructure that includes spacious classrooms, Smart Classes, state-of-the-art Physics, Chemistry, Biology, Composite Laboratories, Mathematics, Geography, English Language and Audio-Visual Laboratories; well-equipped Gymnasium; Art, Activity and Conference rooms and a fully digitalized communication system.

B.R.S is an accessible school. The school has CWSN accessible toilets and water spouts, ramps and elevator, guard rails and signage. Infrastructure in Sports and Games is the forte of the school. A new addition has been the Rifle Shooting range.

B.R.S lays great emphasis on good health and well-being of students. The school provides preventive and primary healthcare services to students through a leading Healthcare provider. School Skill Development Programme for students from Grades Nursery to Std. V aims to enhance Motor skills and brain development in children.

With many an achievement to its credit, B.R.S, today, stands tall and elevated, basking in the glory of its success.

And so B.R.S strides on forward...
